REPTILE NETFLIX

Slinking onto Netflix, "Reptile" breaks the mold of typical horror movies. This eerie film delves into trauma, suppressed memories, and the frightening influence of the human mind.

Beyond Documentaries

Reptile" is a fictional narrative, not a documentary. However, its exploration of trauma and its potential to manifest into horrifying experiences can have a profound psychological impact on viewers.

Author Behind the Script

 Identifying the screenwriter behind "Reptile" might be challenging due to the film's shrouded nature. However, if the name is revealed, it could offer clues about the film's thematic depth and storytelling style.
